\*\*\* 27 forms were named. One questionnaire does account for the majority of disagree responses but was not named – we would really like that person to contact the Head or one of the Governors to discuss concerns.

Would like more teacher feedback.

We really do value the feedback, the results will be discussed at our meetings and outcomes feed into the school development plan.

Overall **100 % of you agreed your child was happy at school** and **100% of you would recommend the school to another parent**

This is really pleasing but not make us complacent. It is also rewarding feedback for the dedication of staff.

Thank you for taking time to complete the questionnaire.
