

OUR ADVENTURES THIS WEEK

APPLE TREE CHILDREN promoting curiosity, awe and wonder

Wow! What a fantastic start to school life Apple Tree Class have made. They have been absolutely BRILLIANT at coming into school. The children are thoroughly enjoying exploring their new environment, both inside and outside.

We have been very impressed with their collaborative skills, their resilience and have seen them grow in confidence and independence already. New friendships are blossoming and they have settled into their new routines really well.

APPLE TREE FUN!

The children have been investigating the runner beans they harvested last week. They used brilliant noticing skills to describe what they could see. We have also been busy comparing size and capacity. Remi couldn't wait to show me that she could fit in side one of the boxes!
