OUR ADVENTURES THIS WEEK

A Deliciously Fun Week with the Gingerbread Man

"Run, run as fast as you can, you can't catch me I'm the Gingerbread Man!" The children had a blast this week, designing their own gingerbread men, cutting them out for our class display, creating Play-Doh gingerbread men, baking and decorating delicious gingerbread men, and washing them down with a glass of milk. Along with all the phonics, reading, maths, PE, and science activities, it was truly an amazing time.

PROMOTING CURIOSITY, AWE, AND WONDER.

FUN IN APPLE TREE CLASS!

We started our Little Wandle reading squads this week. It was a joy to see the children so excited to be exploring their new books. There was lots of noticing going on, great discussions, and sounding out and blending. I hope you enjoyed sharing the books with your children. Please remember to return the books every Monday morning.
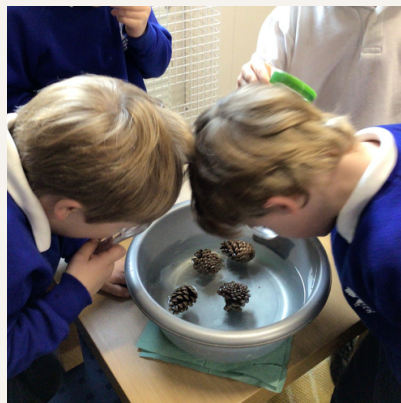

WE LOVE SCIENCE!

Exploring the Reason Behind Pinecone Closure
We delved into a fascinating inquiry: why do pinecones close when they get wet? The children made some exceptional predictions and were eager to find out. They each took a pinecone and submerged it in a bowl of water. In the afternoon, they observed the pinecones' closure with excitement. Charlotte suggested that the pinecones were protecting their seeds. Once the pinecones dried out, she was astonished to find three seeds still inside.
We also explored what would happen to the Gingerbread Man if he fell into the river. The children's predictions were right as the Gingerbread man became soggy and disintegrated!

PLEASE REMEMBER TO READ THE SCHOOL'S NEWSLETTER FOR IMPORTANT DATES FOR YOUR DIARY

OUR 'NURSERY NATIVITY' WILL BE HELD IN THE SCHOOL HALL ON THURSDAY 7TH DECEMBER.

This week in phonics we learned the sounds z, s (as in plurals), qu and ch
